We Albert Ménès, concerned with the quality and safety of food, do everything in order to preserve the safety and health of consumers.

That is why, as a precautionary measure and because of the presence of alcaloïdes pyrrolizidiniques higher than the recommendations set by the European authorities, the brand Albert Ménès starts a preventive recall procedure of its Oregano 22g - batch number 18.262.766, with the expiration date: 09/2021.

We ask people who bought and would still have it, to do not consume it **and bring it back to their usual point of sale or to destroy it.**
